MEECO adds four new European distributors

7 Oct 2010

SGR

Moisture analyzer manufacturer Meeco Inc. has formed partnerships with four new distributors for its products across Europe: Bernt Messtechnik GmbH in Germany, APT in Italy, SPA (Systemy Pomiarowo-Analityczne) in Poland, and OmniProcess AB in Sweden.

"As the trusted name in moisture analysis for 62 years, our customers know we have a well established distribution network to support their moisture analysis needs," said Lisa Bergson, Meeco's chief executive. "We are proud to add Bernt Messtechnik GmbH, APT, SPA, and OmniProcess AB to the Meeco family of world-class distributors."

Warrington, PA-based Meeco has created family of moisture analyzers that provide precise, on-line moisture monitoring for natural, medical and high-purity gases as well as for utilities and chemicals/petrochemicals applications.
